16.2. The sliding rules for the LCYBS are all the same as the NFHS book rules.  
16.3. There are two main points:  
16.3.1. The Force Play Slide Rule:  
16.3.1.1. Any runner who is in a force play, must either slide directly into the base or run himself out of the play avoiding contact with the fielder. If this is not done, this is considered interference and the runner is out and the B/R is automatically out for a double play, and all other runners must go back to the base they occupied at the time of the pitch. The runner may not "take out the fielder to break up the double play." If the runner slides, it must be a legal slide according to book rule and if the second basemen is on the bag and the runner makes a legal slide into the bag and there is contact, interference should not be called.  
16.3.2. Plays at the plate: Summary of the NFHS rule:  
16.3.2.1. When there is a potential play at the plate, and the catcher is attempting to catch a thrown ball, the runner must either make a legal slide or avoid contact. The catcher has the right to be in the base-path to field the thrown ball. The runner is responsible for avoiding contact. If the catcher is not attempting to receive a thrown ball and is in the base path, then the catcher has committed obstruction and the runner is awarded home. The runner has the right to reestablish his base path by running no more than three (3) feet to either side of the base path to avoid contact. If the runner does attempt to avoid contact and there is incident contact, then this is a judgment call by the umpire. If the runner commits malicious contact, the runner is out and ejected.
